VitaBasix[®]

Stop Aging. Start Living![®]

Version 01/2025

VitaBasix[®]

Acetyl-L-Carnitine

The ester acetyl-L-carnitine is not only biochemically similar to the amino acid carnitine, but it also has similar metabolic functions, especially in relation to the energy conversion of food. This nutrient can help increase the formation of acetylcholine in the brain, and thus help balance mood, and improve memory. It can also have a positive influence on the body's fat burning process.

Item No	Description	Content	Quantity	EUR
LHP14911	Acetyl-L-Carnitine	500 mg	60 caps	41,85
LHP14913	Acetyl-L-Carnitine	500 mg	180 caps	99,95

Akne-Plex®

Akne-Plex® contains a balanced combination of nutrients, vitamins, enzymes and trace elements that can help maintain normal skin.

Item No	Description	Quantity	EUR
LHP13912	Akne-Plex®	90 caps	41,95
LHP13913	Akne-Plex®	180 caps	75,50

Alpha Lipoic Acid-ALA®

Alpha lipoic acid-ALA® can positively support the natural ageing process and promote normal blood sugar levels and fat metabolism as well as normal cell growth.

Item No	Description	Content	Quantity	EUR
LHP12521	Alpha Lipoic Acid-ALA®	100 mg	60 caps	31,15
LHP12523	Alpha Lipoic Acid-ALA®	100 mg	180 caps	74,80
LHP12531	Alpha Lipoic Acid-ALA®	200 mg	60 caps	41,75
LHP12533	Alpha Lipoic Acid-ALA®	200 mg	180 caps	99,95

AminoBasix®

AminoBasix® provides the most important essential and semi-essential amino acids to support the normal production of certain growth factors, maintain normal muscle mass and support the immune system, especially in the case of insufficient intake from food.

Item No	Description	Quantity	EUR
LHP 11813	AminoBasix®	180 caps	66,73

Androchron®

Androchron® is a chronobiological composition of micronutrients to supplement all the vital substances that are nutritionally lacking or that are increasingly needed due to certain lifestyles in order to maintain normal testosterone levels in men over 50, as well as to support the normal function of the immune system and energy metabolism.

Item No	Description	Quantity	EUR
LHP 91311	Androchron®	60 caps	50,35
LHP 91313	Androchron®	3 x 60 caps	120,70

Arthrochron®

Arthrochron® is a chronobiological composition of micronutrients to supplement all the vital substances that are nutritionally deficient or that are increasingly needed due to certain lifestyles to support normal collagen formation for normal cartilage function.

Item No	Description	Quantity	EUR
LHP90711	Arthrochron®	60 caps	51,35
LHP90713	Arthrochron®	3 x 60 caps	123,22

B-Plex

B-Plex combines the most important B vitamins in an optimal administration amount, together with vitamin C and MSM. The various ingredients of B-Plex are crucial for many essential biological functions. The ingredients provide energy for body and mind and contribute to normal energy metabolism, reduction of tiredness and fatigue, and protection of cells from oxidative stress.

Item No	Description	Quantity	EUR
LHP21131	B-Plex	60 caps	20,95
LHP21133	B-Plex	180 caps	50,30

BioPQQ™

Food supplement to maintain normal energy levels. May promote optimal mitochondrial performance.

Item No	Description	Content	Quantity	EUR
LHP20201	BioPQQ™	10 mg	30 caps	52,45
LHP20203	BioPQQ™	10 mg	3 x 30 caps	125,90

Biosleep®

The ingredients of Biosleep® can positively support sleep. The mode of action of Biosleep® is due to the balanced combination of natural and biogenic ingredients that help to reduce tiredness and fatigue as well as contribute to a normal energy metabolism.

Item No	Description	Quantity	EUR
LHP15311	Biosleep®	60 caps	52,45
LHP15313	Biosleep®	180 caps	125,90

Cardiochron®

Cardiochron® is a chronobiological composition of micronutrients to supplement all the vital substances that are nutritionally deficient or that are increasingly needed due to certain lifestyles in order to support normal heart function and normal blood clotting.

Item No	Description	Quantity	EUR
LHP91411	Cardiochron®	60 caps	63,55
LHP91413	Cardiochron®	3 x 60 caps	152,48

Celluchron®

Celluchron® is a chronobiological composition of micronutrients to supplement all the vital substances that are nutritionally deficient or that are increasingly needed due to certain lifestyles in order to support normal collagen formation for normal skin function.

Item No	Description	Quantity	EUR
LHP90411	Celluchron®	60 caps	38,90
LHP90413	Celluchron®	3 x 60 caps	93,39

Cerachron®

Cerachron® is a chronobiological composition of micronutrients to supplement all the vital substances that are nutritionally lacking or that are increasingly needed due to certain lifestyles in order to support the maintenance of normal hair and nails.

Item No	Description	Quantity	EUR
LHP91111	Cerachron®	60 caps	35,25
LHP91113	Cerachron®	3 x 60 caps	84,60

Chelatin

EDTA can cleanse the body of harmful substances, protect the vascular system and support the normal function of all organs.

Item No	Description	Quantity	EUR
LHP12713	Chelatin®	180 caps	44,05

Cholesticin®

Cholesticin® provides nutrients that help maintain normal LDL cholesterol concentrations in the blood.

Item No	Description	Quantity	EUR
LHP13511	Cholesticin®	60 caps	31,30
LHP13513	Cholesticin®	180 caps	75,15

Chronoslim®

Chronoslim® is a chronobiological composition of micronutrients to supplement all the vital substances that are nutritionally lacking or that are increasingly needed due to certain lifestyles in order to support a normal energy metabolism and the maintenance of a normal blood sugar level.

Item No	Description.	Quantity	EUR
LHP92111	Chronoslim®	60 caps	55,60
LHP92113	Chronoslim®	3 x 60 caps	133,40

Cleanzin®

Cleanzin® is a blend of herbs, fruits and spices that can help the body naturally eliminate waste. This can help to positively support the intestinal flora, maintain normal vitality and balance as well as the immune system.

Item No	Description	Content	Quantity	EUR
LHP20611	Cleanzin®	250 mg	60 caps	19,03
LHP20613	Cleanzin®	250 mg	180 caps	45,53

Co Q10®

Co-enzyme Q10 can support the best possible performance and physical well-being.

Item No	Description	Content	Quantity	EUR
LHP10511	Co Q10®	30 mg	60 caps	24,85
LHP10513	Co Q10®	30 mg	180 caps	59,65
LHP10521	Co Q10®	60 mg	60 caps	41,95
LHP10523	Co Q10®	60 mg	180 caps	99,95
LHP10531	Co Q10®	100 mg	60 caps	58,40
LHP10533	Co Q10®	100 mg	180 caps	139,95
LHP10541	Co Q10®	200 mg	60 caps	96,25
LHP10543	Co Q10®	200 mg	180 caps	229,25

Coral Calcium®

Contains 73 important trace elements, calcium and vitamin D. These important nutrients can contribute to the maintenance of normal bones, normal functioning of the immune system and normal energy metabolism and muscle function.

Item No	Description	Content	Quantity	EUR
LHP15911	Coral Calcium®	600 mg	60 caps	41,80
LHP15913	Coral Calcium®	600 mg	180 caps	99,95

Dermachron®

Dermachron® is a chronobiological composition of micronutrients to supplement all the vital substances that are nutritionally lacking or that are increasingly needed due to certain lifestyles in order to support the maintenance of normal skin.

Item No	Description	Quantity	EUR
LHP91511	Dermachron®	60 caps	44,78
LHP91513	Dermachron®	3 x 60 caps	106,95

7 Keto DHEA

7 Keto DHEA is a natural metabolite of DHEA which, unlike this substance, is not converted into sex hormones.

Item No	Description	Content	Quantity	EUR
LHP10263	7 Keto DHEA	5 mg	180 caps	58,65
LHP10271	7 Keto DHEA	25 mg	60 caps	52,25
LHP10273	7 Keto DHEA	25 mg	180 caps	125,40

DHEA

Is the basis for many of the body's hormones and a natural hormone support for normal ageing.

Item No.	Description	Content	Quantity	EUR
LHP10233	DHEA	5 mg	180 caps	33,70
LHP10243	DHEA	10mg	180 caps	41,30
LHP10251	DHEA	15 mg	60 caps	22,85
LHP10253	DHEA	15 mg	180 caps	54,85
LHP10211	DHEA	25 mg	60 caps	28,30
LHP10213	DHEA	25 mg	180 caps	67,90
LHP10221	DHEA	50 mg	60 caps	31,50
LHP10223	DHEA	50 mg	180 caps	75,60

Diabetichron®

Diabetichron® is a chronobiological composition of micronutrients to supplement all the vital substances that are nutritionally lacking or that are increasingly needed due to certain lifestyles in order to support a normal blood sugar level.

Item No	Description	Quantity	EUR
LHP90911	Diabetichron®	120 caps	47,72
LHP90913	Diabetichron®	3x120 caps	114,44

DMAE

DMAE (dimethylaminoethanol) can activate higher brain functions, support memory, the ability to think clearly, as well as promote learning ability and focused concentration. DMAE can also help maintain brain power and cognitive function.

Item No	Description	Content	Quantity	EUR
LHP10411	DMAE	125 mg	60 caps	25,95
LHP10413	DMAE	125 mg	180 caps	62,30

Ferrochron®

Ferrochron® is a chronobiological composition of micronutrients to supplement all the vital substances that are nutritionally deficient or that are increasingly needed due to certain lifestyles, to support normal energy metabolism and normal red blood cell formation, and to reduce fatigue and exhaustion.

Item No	Description	Quantity	EUR
LHP92301	Ferrochron®	30 tab	25,95
LHP92303	Ferrochron®	3 x 30 tab	62,30

Fertilichron® female

Fertilichron® female is a chronobiological composition of micronutrients to supplement all the vital substances that are nutritionally deficient or that are increasingly needed due to certain lifestyles in order to support normal fertility and reproduction in women.

Item No	Description.	Quantity	EUR
LHP93000	Fertilichron® female	30 day packs	198,17
LHP93003	Fertilichron® female	3x30 day packs	475,62

Fertilichron® male

Fertilichron® male is a chronobiological composition of micronutrients to supplement all the vital substances that are nutritionally deficient or increasingly needed due to certain lifestyles to support normal fertility and reproduction, as well as normal testosterone levels and spermatogenesis in men.

Item No	Description	Quantity	EUR
LHP91711	Fertilichron® male	30 day packs	195,73
LHP91713	Fertilichron® male	3 x 30 day packs	469,90

Florachron®

Florachron® is a chronobiological composition of probiotics (in the morning) and prebiotics (in the evening) to supplement all the vital substances that are nutritionally lacking or that are increasingly needed due to certain lifestyles in order to maintain a normal intestinal flora.

Item No	Description	Quantity	EUR
LHP91911	Florachron®	120 caps	95,35
LHP91913	Florachron®	3 x 120 caps	228,80

Gaba

This inhibitory neurotransmitter can promote general mood as well as normal sleep and support optimal muscle mass maintenance.

Item No	Description	Content	Quantity	EUR
LHP12011	Gaba	750 mg	60 caps	46,55
LHP12013	Gaba	750 mg	180 caps	111,75

Ginkozin®

The mixture of ginkgo biloba and huperzine A can support mental fitness, alertness and the ability to concentrate.

Item No	Description	Quantity	EUR
LHP21001	Ginkozin®	60 caps	61,60
LHP21003	Ginkozin®	180 caps	147,85

Glucochondrin®

Glucochondrin® is an active ingredient combination of glucosamine and chondroitin that can support the maintenance of normal joint and cartilage function

Item No	Description	Quantity	EUR
LHP13111	Glucochondrin®	60 caps	41,95
LHP13113	Glucochondrin®	180 caps	99,95

Griffonia Simplicifolia

Natural food supplement made from the seeds of the Griffonia plant, whose ingredients naturally increase serotonin synthesis and can therefore support a balanced mood. Among other things, the seeds of the Griffonia plant contain 20 percent of the amino acid 5-hydroxytryptophan, from which the body can produce serotonin.

Item No	Description	Content	Quantity	EUR
LHP17121	Griffonia Simplicifolia	125 mg	60 caps	25,70
LHP17123	Griffonia Simplicifolia	125 mg	180 caps	61,70
LHP17111	Griffonia Simplicifolia	250 mg	60 caps	34,15
LHP17113	Griffonia Simplicifolia	250 mg	180 caps	81,95
LHP17131	Griffonia Simplicifolia	500 mg	60 caps	54,60
LHP17133	Griffonia Simplicifolia	500 mg	180 caps	129,95

Griffonia is the successor to 5-hydroxytryptophan

I3C®

The bioactive plant substance indole-3-carbinol (I3C®) can positively influence oestrogen metabolism, counteract inflammation and promote normal cell growth.

Item No	Description	Content	Quantity	EUR
LHP16311	Indol 3 Carbinol I3C®	200 mg	60 caps	59,95
LHP16313	Indol 3 Carbinol I3C®	200 mg	180 caps	143,90

Immunochron®

Immunochron® is a chronobiological composition of micronutrients to supplement all the vital substances that are nutritionally deficient or that are increasingly needed due to certain lifestyles, in order to support normal immune system function and protect the cells from oxidative stress.

Item No	Description	Quantity	EUR
LHP92400	Immunochron®	120 caps	106,95
LHP92403	Immunochron®	3 x 120 caps	256,64

L-Carnitine

Although the body can in principle synthesize L-carnitine from the amino acids lysine and methionine, a deficiency is still possible, especially in situations where there is an increased demand. Carnitine is important for supplying the human cells with energy.

Item No	Description	Content	Quantity	EUR
LHP10611	L-Carnitine	500 mg	60 caps	36,70
LHP10613	L-Carnitine	500 mg	180 caps	88,10

Liverxin®

Liverxin® is a vital substance combination consisting of amino acids, niacin, vitamin B12, choline, inositol and cysteine to support normal liver function. These effective nutrients can contribute to normal energy metabolism, normal immune system function and normal homocysteine metabolism.

Item No	Description	Quantity	EUR
LHP20511	Liverxin®	60 tab	57,30
LHP20513	Liverxin®	180 tab	137,50

Maca

This invigorating root from the South American Andes can promote vitality and sexual desire, help maintain normal energy levels, and supports a normal mood.

Item No	Description	Content	Quantity	EUR
LHP12311	Maca	250 mg	60 caps	19,40
LHP12313	Maca	250 mg	180 caps	46,60

Macabido® female and male

Macabido® offers natural ingredients to support energy levels and libido. The combination of active ingredients can help to promote sexual stamina and performance as well as a general, positive sense of well-being.

Item No	Description.	Quantity	EUR
LHP14211	Macabido® female	120 caps	55,60
LHP14213	Macabido® female	3 x 120 caps	133,40
LHP14311	Macabido® male	120 caps	55,60
LHP14313	Macabido® male	3 x 120 caps	133,40

MCHC®

Microcrystalline hydroxyapatite (MCHC®) is a balanced natural source of minerals to support bones

Item No	Description	Content	Quantity	EUR
LHP11211	MCHC®	250 mg	60 caps	20,75
LHP11213	MCHC®	250 mg	180 caps	49,80

Melachron®

Melachron® is a chronobiologically based, pulsating releasing, melatonin formula to supplement the hormone melatonin, which is nutritionally deficient or increasingly needed due to certain lifestyles, to improve the time it takes to fall asleep and stay asleep, as well as to alleviate the subjective feeling of jet lag.

Item No	Description	Content	Quantity	EUR
LHP10181	Melachron®	3 mg	60 tab	31,45
LHP10183	Melachron®	3 mg	180 tab	75,45
LHP10281	Melachron®	5 mg	60 tab	40,70
LHP10283	Melachron®	5 mg	180 tab	97,70

Melatonin

For a restful, natural sleep and a fresh start to the day! Melatonin helps to shorten the time it takes to fall asleep as well as relieve the subjective feeling of jet lag.

Item No	Description	Content	Quantity	EUR
LHP10201	Melatonin	1 mg	60 caps	15,70
LHP10203	Melatonin	1 mg	180 caps	37,70
LHP10121	Melatonin	3 mg	60 caps	23,95
LHP10123	Melatonin	3 mg	180 caps	57,50
LHP10131	Melatonin	5 mg	60 caps	30,55
LHP10133	Melatonin	5 mg	180 caps	73,30

Menochron®

Menochron® is a chronobiological composition of micronutrients to supplement all the vital substances that are nutritionally deficient or that are increasingly needed due to certain lifestyles, in order to support normal energy metabolism and normal functioning of the nervous system, as well as the maintenance of normal bones and normal muscle function in menopausal women.

Item No	Description	Quantity	EUR
LHP 91211	Menochron®	60 caps	50,35
LHP 91213	Menochron®	3 x 60 caps	120,70

Mitochron®

Mitochron® is a chronobiological composition of micronutrients to supplement all the vital substances that are nutritionally deficient or that are increasingly needed due to certain lifestyles in order to support normal energy metabolism, normal mental function and normal function of the nervous system.

Item No	Description	Quantity	EUR
LHP90011	Mitochron®	120 caps	187,20
LHP90013	Mitochron®	3 x 120 caps	449,29

MSM

Methyl sulfonyl methane (MSM) can promote the elasticity of skin and connective tissue, support many anti-inflammatory processes and muscle function.

Item No	Description	Content	Quantity	EUR
LHP12014	MSM	500 mg	250 caps	56,30

Neurochron®

Neurochron® is a chronobiological composition of micronutrients to supplement all the vital substances that are nutritionally lacking or that are increasingly needed due to certain lifestyles in order to support normal mental performance and normal mental function.

Item No	Description	Quantity	EUR
LHP90611	Neurochron®	60 caps	95,12
LHP90613	Neurochron®	3 x 60 caps	228,28

Omega 3

Omega-3 polyunsaturated fatty acids from fish oil: EPA and DHA contribute to the normal function of the heart, DHA to the maintenance of normal triglyceride levels in the blood.

Item No	Description	Content	Quantity	EUR
LHP14511	Omega 3	1250 mg	60 softgels	28,95
LHP14513	Omega 3	1250 mg	180 softgels	69,50

Oncochron®

Oncochron® is a chronobiological composition of micronutrients to supplement all the vital substances that are nutritionally deficient or that are increasingly needed due to certain lifestyles in order to support normal cell metabolism.

Item No	Description	Quantity	EUR
LHP91811	Oncochron®	120 caps	117,54
LHP91813	Oncochron®	3 x 120 caps	282,11

OPC

OPC protects the connective tissue and blood vessel membranes throughout the body and has a positive effect on cholesterol levels.

Item No	Description	Content	Quantity	EUR
LHP13611	OPC	60 mg	60 caps	23,80
LHP13613	OPC	60 mg	180 caps	57,15

Oral HGH

Growth hormone is an important hormone in the human body. It exerts its influence on almost every cell and works to maintain the physiological balance of many factors. Oral HGH can promote normal growth hormone levels in the body by providing release factors for this important hormone via a sublingual spray.

Item No	Description	Quantity	EUR
LHP12911	Oral HGH	30 ml	99,95
LHP12913	Oral HGH	3 x 30 ml	239,90

Osteochron®

Osteochron® is a chronobiological composition of micronutrients to supplement all the vital substances that are nutritionally deficient or that are increasingly needed due to certain lifestyles in order to support the maintenance of normal bones as well as normal muscle function.

Item No	Description	Quantity	EUR
LHP90811	Osteochron®	120 caps	55,60
LHP90813	Osteochron®	3 x 120 caps	133,40

Palmetto®

Contains saw palmetto, which can help to positively influence the prostate and urinary function in men. It can improve bladder emptying, promote normal urine flow and reduce the urge to urinate at night.

Item No	Description	Quantity	EUR
LHP20711	Palmetto®	500 mg 60 caps	17,76
LHP20713	Palmetto®	500 mg 180 caps	42,61

Phenylalanine-DLPA®

DLPA® (D, L-phenylalanine) is a mixture of the essential amino acid L-phenylalanine and the mirror-symmetrical form D-phenylalanine. DLPA® as well as the individual forms have long been used to regulate mood.

Item No	Description	Content	Quantity	EUR
LHP20911	Phenylalanine-DLPA®	500 mg	60 caps	37,75
LHP20913	Phenylalanine-DLPA®	500 mg	180 caps	89,95

Phosphatidylserine

Phosphatidylserine, a component of many foods, is crucial for stimulus transmission between brain cells. When administered orally, it is rapidly absorbed and is able to cross the blood-brain barrier.

Item No	Description	Content	Quantity	EUR
LHP20211	Phosphatidylserine	300 mg	60 caps	79,95
LHP20213	Phosphatidylserine	300 mg	180 caps	191,90

Pregnachron®

Pregnachron® is a chronobiological composition of micronutrients to supplement all the vital substances that are nutritionally deficient or that are increasingly needed due to certain lifestyles in order to support a normal energy metabolism, a normal function of the immune system as well as a normal function of the nervous system during pregnancy and breastfeeding.

Item No	Description	Quantity	EUR
LHP90511	Pregnachron®	120 caps	43,94
LHP90513	Pregnachron®	3 x 120 caps	105,47

Pregnenolone

Pregnenolone is a natural and extremely versatile product of cholesterol metabolism and the precursor of several important endogenous hormones.

Item No	Description	Quantity	EUR
LHP10343	Pregnenolone	15 mg 180 caps	46,10
LHP10311	Pregnenolone	30 mg 60 caps	25,70
LHP10313	Pregnenolone	30 mg 180 caps	61,70
LHP10331	Pregnenolone	50 mg 60 caps	31,10
LHP10333	Pregnenolone	50 mg 180 caps	74,65
LHP10321	Pregnenolone	100 mg 60 caps	50,35
LHP10323	Pregnenolone	100 mg 180 caps	120,85
LHP10351	Pregnenolone	200 mg 60 caps	73,90
LHP10353	Pregnenolone	200 mg 180 caps	177,40

Probust®

Probust® is a blend of selected plant extracts to support female hormone balance with a positive effect on the female breast. Can naturally promote breast growth and firmness.

Item No	Description	Quantity	EUR
LHP15111	Probust®	120 caps	73,50
LHP15113	Probust®	3 x 120 caps	176,40

Prostachron®

Prostachron® is a chronobiological composition of micronutrients to supplement all the vital substances for men that are nutritionally deficient or that are increasingly needed due to certain lifestyles in order to support normal spermatogenesis as well as normal thyroid function.

Item No	Description	Quantity	EUR
LHP91611	Prostachron®	120 caps	74,15
LHP91613	Prostachron®	3 x 120 caps	177,92

ResverChron®

ResverChron® is a chronobiological composition of micronutrients to supplement all the vital substances that are nutritionally deficient or that are increasingly needed due to certain lifestyles in order to support normal heart function, normal function of the nervous system and normal energy metabolism, and to protect the cells from oxidative stress.

Item No	Description	Quantity	EUR
LHP94000	ResverChron®	30 day packs	152,20
LHP94003	ResverChron®	3 x 30 day packs	365,30

Resverol®

Resveratrol can protect the heart, blood vessels and memory. In addition, it can positively promote energy metabolism.

Item No	Description.	Quantity	EUR
LHP16721	Resverol®	60 caps	59,95
LHP16723	Resverol®	180 caps	143,90

Serochron®

Serochron® is a chronobiological composition of micronutrients to supplement all the vital substances that are nutritionally lacking or that are increasingly needed due to certain lifestyles in order to support normal functioning of the nervous system as well as normal mental function.

Item No	Description	Quantity	EUR
LHP11190	Serochron®	30 tab	54,95
LHP11192	Serochron®	90 tab	131,88

Seroslim®

A balanced, low-calorie and high-fibre diet is the most important prerequisite for good well-being. Seroslim® can promote metabolism and fat burning and support a normal appetite.

Item No	Description	Quantity	EUR
LHP12613	Seroslim®	180 caps	75,40

Serotonic®

This selected composition of various nutrients, vitamins and trace elements can contribute to the maintenance of normal nerve function as well as normal mental function.

Item No	Description	Quantity	EUR
LHP11611	Serotonic®	60 caps	57,85
LHP11613	Serotonic®	180 caps	138,85

Tribulus

Tribulus is a plant-based dietary supplement that can help keep hormone levels of certain male hormones in normal balance, naturally supporting stamina and energy.

Item No	Description	Content	Quantity	EUR
LHP12111	Tribulus	250 mg	60 caps	23,70
LHP12113	Tribulus	250 mg	180 caps	56,90

Visiochron®

Visiochron® is a chronobiological composition of micronutrients to supplement all the vital substances that are nutritionally lacking or that are increasingly needed due to certain lifestyles in order to support the maintenance of normal vision.

Item No	Description	Quantity	EUR
LHP 91110	Visiochron®	60 caps	38,11
LHP 91112	Visiochron®	3 x 60 caps	91,43

Vitachron® female and male

Vitachron® female and male are chronobiological compositions of micronutrients to support normal energy metabolism and normal immune system function.

Item No	Description	Quantity	EUR
